How do I update my payment method?

In short:

You can update your payment method in the **Subscription Management portal.** Here, you can view your current payment method and add a new one if you wish to make changes.

Here’s how:

1. Go to **Subscription Management** – here.
2. Select **Billing** in the menu on the left.
3. Under Payment methods, click **Add new payment method**.
4. Enter the details for your new payment card or payment solution.
5. Click **Add new payment** method to save your changes.

Tip:

- Make sure your payment method is always up to date to avoid interruptions to your subscription.
- If you have multiple payment methods saved, you can set a new one as your default.

Note:

Changes to payment methods take effect immediately and apply to all future payments.
