How do I limit who can call the watch?

Mari Opstad - 2026-02-11 - Comments (0) - Setup and customization

How do I limit who can call the watch?

In short:

You can choose to allow only specific phone numbers to call the watch. This is done in the Care Tracker app by activating the **Whitelisted phone numbers** feature.

Here’s how:

1. Open the **Care Tracker app**.
2. Select the watch you want to change.
3. Go to **Settings**.
4. Choose **Whitelisted phone numbers**.
5. Turn on **Enable whitelisted phone**.
6. Add **up to 5 phone numbers** that should be allowed to call the watch.
7. Tap **Save** to activate the changes.

Important:

When this feature is enabled, only the numbers you’ve added can call the watch.

Remember to **include your own phone number** on the list if you want to be able to call the watch.

Tip:

You can edit the list at any time if you want to add or remove a number.
