Where can I find an overview of watches and subscriptions?

Mari Opstad - 2026-02-09 - [Comments \(0\)](#) - [Getting started](#)

Where can I find an overview of watches and subscriptions?

In short:

In the **Subscription Management portal**, you can view a complete overview of all your watches and the subscriptions linked to them.

Here's how:

1. Go to **Subscription Management** - [here](#).
2. On the **Dashboard**, you'll see:
 1. All watches connected to your account.
 2. Which subscription each watch has.
 3. The status of each subscription - for example, active, paused, or expired.

Tip:

- Click on a watch to see more details, such as when the subscription renews, or to pause it.
- If you have multiple watches, you can easily switch between them directly in the dashboard.

Note:

Any changes you make here apply only to the selected watch and its subscription - not to other watches on your account.
