Change PIN Code

This guide explains how to change your PIN code in the Stella Care app. The PIN code is used as a quick way to unlock the app without entering your password each time.

How to change your PIN code

1. Tap the **gear icon** in the top right corner to open Settings.
2. Select **Change PIN code**.
3. Enter the new PIN code.
4. Enter the new PIN code again to confirm.
5. Tap **Save** to complete the change.

The new PIN code takes effect immediately and will be required the next time you open the app.

Tips

- Choose a PIN code you can remember, but that others cannot easily guess.
- Never share your PIN code with others.
- If you forget your PIN code, you can log in again using your password and then set up a new PIN code.
